When considering a wedding photography package, please consider the following:

If you would like formal portraits included in your wedding, please allow two hours of the photography schedule designated to formal portraits.

We strongly recommend that bride & groom portraits begin before the ceremony. While we recognize that some couples wish their "first sight" to be during the ceremony it oftentimes improves the scheduling of the day to get photos out of the way ahead of time. Emily takes "first sight" photos at an agreed upon location, meeting only the bride & groom privately. These photos generally turn out beautifully and capture a very special moment.

Photographers need 30 minutes to set-up at the ceremony site. This time is included in the hourly coverage, so the clock is "running" from the time each photographer arrives.

Transit time is included in hourly coverage. The clock is "running" from the time Emily Rumsey arrives.

A deposit of 50% is due upon time of booking services.

We are able to take personal checks as well as Visa, Mastercard, American Express, and Discover (through PayPal).
